Rebels Defeat Barrhead In League Opener Here

BY DOUG BARNES

Tuesday, November 9th the Rebels travelled to Rocky Mountain House for the return exhibition game and set the Rams down 3 -1.

All the scoring was done in the first period. Gary Pankewicz started the scoring off at 2:15 assisted by Wayne Garding. Sam Belcourt made it 2 - 0 unassisted at 4:53. Rams only goal was at 7:12 by Terry Thomdale. Don Bom scored Rebels third goal at 9:40 assisted by Larry Wall.

Goal tending duties for the Rebels was shared by Barry Pankewicz and Lorne Foster. Both played good solid goal. Not many shots on them but they came up big on the Rams scoring chances.

Saturday, November 13th saw the Rebels skate to a 6 - 2 win over the Barrhead Chiefs in the league opener. The chiefs are the newest entry to the league and they have a good fast skating young club. But they seemed a little lost from the red line in with some good coaching this could be a tough club to beat.

The first period ended scoreless with a lot of close checking and solid goal tending. Sam Belcourt opened the scoring at 2:00 of the second period assisted by Henry Hodgson and Frank Roggeveen. At 9:11 Frank Roggeveen made it 2 - 0 unassisted. Barrhead got their first goal at 16:31 from Gary Loitz assisted by Larry Craig. The period ended 2 - 1 Rebels. Frank Roggeveen collected his third point of the night and second goal at 3:45 of the third assisted by Henry Hodgson. Barrhead drew within one at 4:57 on a goal by

Junior High Music Class Visits City

The concert, which was arranged by the Women's Committee of the Edmonton Symphony Society, was held at the Jubilee Auditorium and included special features such as an introduction to each of the instruments of the orchestra and a cartoon presentation of instrumental sound as well as a well chosen selection of orchestral music.

The pieces chosen were interesting to the students and the conductor for the day, Mr. Lawrence Leonard, kept the audience enthralled with his commentary on the works.

Following the concert, itself, the students of Drayton Valley Junior High were taken on a conducted tour of the Jubilee Auditorium facilities including areas backstage and on the lower floor. After supper at the Meadowlark Shopping Centre, the students returned to Drayton Valley.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

Environment Minister Bill Yurko can't be accused of leaning back in his chair and putting his feet up on the desk he has occupied since the Tories took the oath of office September 10th.

In fact, the 45-year-old consulting engineer from Edmonton has emerged as one of the busier cabinet ministers in the Lougheed government--if frequency of press releases is a suitable yardstick for measuring action.

Mr. Yurko has been grinding out announcements at the rate of about one a day lately, as he tools up the recently-created environment department he inherited from his old arch-enemy of Legislature debates, Jim Henderson.

The new environment minister, who began his political career by stealing former Socred premier E. C. Manning's old Edmonton Strathcona-East seat in a by-election, has been making administrative and policy changes at a great rate.

His most important announcement so far is the fact that public hearings will be conducted by the province's pollution ombudsman, the Environment Conservation Authority, on the impact resource development has on Alberta land.

The ECA has been directed to hold public hearings on strip mining practices immediately so that Mr. Yurko can determine public opinion on the issue before introducing a rewritten Surface Reclamation Act at the forthcoming winter Legislature session.

The ECA, headed by Dr. Walter Trost, later will examine the effect of petroleum development and look at foresty practices as part of its government policy review.

Mr. Yurko also has gained cabinet approval for regulations under the Social Credit-initiated Beverage Container Act, which is aimed at banning non-returnable soft drink bottles and cans from the province.

Effective January 1, 1972, all soft drink containers of both glass and metal will be eligible for a minimum two-cent refund. One year after that, all non-returnable bottles will have to be out of circulation.

Retailers will be given the option of accepting bottles and cans for refunds at their place of business or at special depots, and the regulations contain clauses to protect business men from people bringing empty containers into Alberta for the purpose of obtaining refunds.

Other moves made recently by Mr. Yurko include the launching of noise and smell studies in Calgary and Edmonton, the taking over of responsibility for administration of the agricultural chemicals act and the separating of responsibility in his department for pollution control and licensing of new industrial plants.

Rebels

Cont. from Page 1

Al Visser assisted by Dale Gummow and Larry Craig.

From here on the Rebels really started to skate and took over the game scoring three unanswered goals. Al Hopfe getting his first goal of the season at 9:02 assisted by Doug Hall. Rookie Jerry Wilkes got his first goal in league play as a Rebel at 12:24 assisted by Sam Belcourt and Art Assman. You will see this young fellow turn the red light often this year. Terry McGowan closed out the scoring at 14:18 assisted by Sam Belcourt and Henry Hodgson. Sam and Henry also having 3 point nights.

A good hockey game for this early in the year. I'm sure the 662 fans who attended did not leave disappointed. Barrhead was outshot badly 23 to 41. The goal tending was good at both ends, Gary Hawkey for Barrhead and veteran Barry Pankewicz for the Rebels. Barry getting first star and Gary Hawkey getting third star; and the old smoothie Roggeveen getting second star.

To open the season locally a short ceremony was held before the game with Rebels President Les Brown, M.L.A. Rusty Zander and Deputy Mayor Ron Smith taking part. Mr. Brown dropped the puck for the official face-off between Mr. Zander and Mr. Smith.

The next leage game for the Rebels will be at home Saturday, November 20th against the Stettler Imperials at 8:30 p.m.

Report From Parliament Hill

By Allen Sulatycky, M.P.

Without doubt, the greatest single way to promote understanding between the people of Canada is through travels and meetings undertaken by our citizens.

Within the last few years, an increasing number of groups of students from Alberta have journeyed to other parts of Canada and students from elsewhere have returned their visits.

Last week, I had the pleasure of meeting with the grade eleven class of the Jasper High School, who had been visiting Ottawa as part of their "Young Voyageurs" excursion. Under the leadership of Mr. Ken Jensen, the group had Halifax as final destination.

This is the first time that an entire class has travelled together under the "Young Voyageurs" program. This program, which since its inception has helped thousands of young people to learn more about Canada, is sponsored jointly by the federal and provincial governments.

Many groups of students from Rocky Mountain have taken advantage of the program.

While in Ottawa, the group from Jasper toured the city and Parliament. The Parliament buildings, I believe, would leave a lasting impression on anyone who walks through them. Now, however, as was pointed out to the students from Jasper, citizens of Alberta have something in particular to take note of.

There are eleven large windows located high in the House of Commons chamber. Throughout the years, glare from the afternoon sun has caused discomfort to the Members who had been seated in direct line of these windows. Efforts had been made to install in them dark glass and cover them with canvas. While this served, the purpose of eliminating the glare, it also tended to distract from the otherwise majestic appearance of the Chamber.

The intention now is to install stained glass windows which would depict the flora and fauna of the ten provinces and the territories.

Only one window has been completed to this time, that being the one representing Alberta. It is a very impressive sight, in all being about twenty feet high, and containing many brilliant shades of blue, green and gold.

Of course, the Wild Rose, floral emblem of our province, provides a striking and beautiful contrast to the colors mentioned above at many points in the design of the window.

Responsible for the construction of the stained glass windows is Miss R. Eleanor Milne, who also is continuing various works of sculpture in the Parliamentbuildings.

The windows of the House of Commons will indeed be a beautiful sight when completed and I of course look forward to seeing the new ones representing the other provinces and the territories as they are added. I cannot help though, feeling a deep sense of pride for Alberta, she having been the province chosen by the artist to be most beautiful, and thus warranting the construction of her window first.

Canada works when we work together.

The Federal Government is putting 498 million dollars to work, through a series of specific programs, to help create jobs for Canadians. This message is designed to give you program details.

WORKING TOGETHER WITH THE INDIVIDUAL

We're encouraging you to act on your own initiative or through local government, local organizations and service groups to come up with ideas for our Local Initiatives Program. For example, you may wish to develop a day care centre in your town or any number of services that will make your community a better place.

There's also a Training-on-the-Job Program that will work through business and industry to expand opportunities for those who are unemployed or have little work experience.

If you have some basic experience, we've extended the Canada Manpower Training Program to help provide you with additional learning.

WORKING TOGETHER WITH BUSINESS AND INDUSTRY

There's a program of tax incentives or direct payments to employers to encourage them to add trainees to their staffs through the Training-on-the-Job Program. This will help the trainee get work experience that he can use in many jobs.

WORKING TOGETHER WITH THE MUNICIPALITIES

The foundation of all municipal activity is the previously mentioned Local Initiatives Program. This will help you support and spur community projects that will give jobs to people in your community who find themselves unemployed.

WORKING TOGETHER WITH THE PROVINCES

Obviously, the municipal Local Initiatives Program will tie in closely with the Provinces. So will our Special Development Loans Program that will finance new capital works projects. We'll be speeding up mortgage approvals through the Central Mortgage and Housing Corporation to get homes, student housing and sewage treatment projects under way.

We also will be making loans to exhibition commissions, boards and associations to get you working on multi-purpose fair and trade buildings.

WORKING TOGETHER WITH FEDERAL WORKS

On our level, we'll be working to give you more job opportunities on maintenance and improvement activities on Federal buildings; transportation facilities; forest and park projects; and many others.

WHERE IT ALL WORKS TOGETHER

The job starts at your Canada Manpower Centre. For advice and assistance on any of the programs that you feel apply to you or your community, contact your local Canada Manpower Centre. They'll be happy to help you with all the information they have.

When Canadians get involved together, Canada works.

KNOW YOUR SCHOOLS

This "question-and-answer" column provides an opportunity for citizens to ask questions about education. If you have any question concerning the schools you are encouraged to send it to "Know Your Schools?" - P.O. Box 777, Stony Plain, Alberta

QUESTION -- What are the powers and duties of the School Committee member?

ANSWER -- In general, the School Committee has only those powers and duties that are authorized by the provincial statutes. An individual member of the Committee has no power or authority to act except where the School Committee (a corporate body) has specifically delegated a responsibility or authority to him. As a corporation, the Schoo Committee can only conduct its business and delegate an assignment to an individual trustee at a regular or special meeting.

Some duties and powers of the School Committee are mandatory and must be exercised. Others are discretionary and may be exercised or not as the Committee wishes. Examples of madatory responsibilities are:

A School Board (Committee) shall:

"(a) keep in force a policy of insurance for the purpose of indemnifying (i) the board and its employees in respect of claims for damages for death or personal injury, and (ii) for damage to school buildings and equipment, in an amount prescribed by the Minister,

(b) maintain, repair, furnish and keep in good order all its real and personal property,

(c) hold as many meetings in each year as are considered necessary to adequately deal with the business of the district and for that purpose may decide to hold regular meetings of the board and the resolution shall state the day, hour and place of the regular meeting and no notice of the regular meeting is necessary,

(d) make rules for the administration, management and operation of schools, school buildings and dormitories under its jurisdiction and make them available to every teacher and other employee whom they concern, but the rules shall not impose duties and obligations on a principal, teacher or other employee contrary to or in conflict with a contract of employment,

(e) provide for the settlement or adjudication of disputes arising in connection with school matters between any parent or child and a teacher or other employee of the board, and

(f) keep available a record of all proceedings of the board and committees of the board."

Examples of discretionary or optional duties are:

A School Board (Committee) may:

"(a) provide for the payment of travelling and other expenses and honoraria of (i) trustees, and (ii) persons appointed to committees of the board,

(b) enter into an agreement with a municipality concerning the promotion and development of recreation and community services, and

(c) lower the school entrance age of pupils and may make such rules and conditions in connection therewith as it thinks fit,

(d) provide special education by operating special schools of classrooms or by making a grant and sending pupils to an organization or agency approved by the Minister which provides special education, and

(e) arrange for, undertake or sponsor, for its pupils and at its own cost or otherwise, educational, cultural or recreational trips inside or outside its district or division."

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:

I am a welfare case, separated from my husband on the advise of the case worker. He contributes nothing to my support. I have two children, a girl in her teens and a boy who is retarded. Because of his situation I am unable to take employment. I want to secure a three-bedroom home on one floor in order to make the care of my son a little bit easier. I have tried repeatedly to secure this kind of accommodation, but when I mention that I am on welfare, the reply in always in the negative. The reasons given include that I might be careless of the property, or my children would be destructive, or that a person like me is just plain lazy. Some replies are even more insulting. I was raised in a good home. I am clean, tidy and take pride in the care of my house, my children and myself. I can get references from my present landlady, neighbors, friends and my case worker. Why is this the reaction one receives from a simple desire to have a room over one's head?

Dear Frustrated:

Prejudice rears its ugly head in many ways. Really there is no difference between showing prejudice on the basis of the color of one's skin than the reaction you receive when you make routine inquiries about renting a house. I regret that this has been your experience in a democracy that boasts of rights and freedom. But please try again. Advertise your needs through a local newspaper. There are landlords who are anxious to help if you can but match up your need with those who really want to help.

Dear Mr. Cantelon:

Our son is 16. He hates school. He has since the day he started. He finds learning hard. He finished Grade-8 last June. We persuaded him to start Grade 9 this fall, but after a month he wants to quit school. He says he wants to take over his dad's farm. We have only one quarter and find it very difficult to make ends meet or to buy him more land. Is there anything he can do to better prepare himself for what is ahead. I feel so sorry for him when he isn't able to do the school work. He's an excellent farm hand. He is real good boy and we never have to urge him to work or learn something new around the place. What should we do?

Dear Farm Parent:

Don't discourage your son from being a farmer. Eventually someone will have to take over what farm you have, and why not prepare him to do it. All over the province are agricultural schools which offer courses to train young men like your boy for a farming vocation. Get in touch with the principal of the college nearest you, and find out what they can offer him with what education he has now. It may be that they can give him certain courses in farming and combine them with a few subjects to upgrade his grade standing at school. But don't frustrate him by pushing him into the academic pattern any longer. Talk to your district agriculturalist about government plans to increase the size of your farm, and then sit down with your son and work out a business-like arrangement whereby he eventually takes over the farm when you and your husband need to retire., and prepare him to work toward that end in the meantime.

Chronic Bronchitis and Emphysema do not as a rule kill people quickly. They incapacitate them for years. In the last 15 years there has been a seven-fold increase in deaths from these two diseases. Support the year-round research, education and rehabilitation program by giving more to Christmas Seals.

Mayor Dompnier who is also an ardent Kinsmen, also had sponsorship from numerous other clubs and individuals totalling $443.00. The Walkathon was held on Sunday, October 31, 1971 to raise funds for the Evansburg Curling Rink. It was very successful, earning approximately $2,300.00 in total.

Additional work on the arena will be undertaken immediately by the Kinsmen Club. Improved lighting will be installed, bleachers will be painted and Plexiglas installed in front of the timekeepers box. This project is a continuation of the Kinsmen Club's participation in the building and improvement of the Evansburg Arena.

Plans are being made for the annual Senior Citizen's Night Party to be held on December 13. The Kinsmen Club have annually hosted Senior Citizens of the community to an evening of hospitality and good fun. The event provides a unique opportunity for Senior Citizens to get together to enjoy their own special evening out.

The Kinettes are pleased to report that they have collected $148.90 in their annual canvass for the CNIB.

Anyone who has missed out on the Licorice All-Sorts and Peppermint Patties being sold by the Kinette Club is asked to contact Jytta Langford, president or Connie Soliski, secretary of the Kinette Club.

TOMAHAWK NEWS

Tomahawk Curling Club held its first meeting of the year on November 1st. Plans for making ice, as soon as weather permits, are on the way. The outside stair way is to be rebuilt. Tenders for caretaker are being asked for and so the wheels are set in motion to start another year of curling.

The Tomahawk and District Club held its regular meeting on November 8th in the Recreation Centre. Finishing plans for the Social Evening, tickets available from any club member, were mad and hoping for a good turn out. Jars are to be placed at various business places in Tomahawk to collect pennies to purchase new goal nets also a bottle drive is planned to help this project so if anyone has bottles to give away please phone 339-3742. Gloria Jouan presented the "Needs Report" for this community which has to be sent in to the Recreation of the County of Parkland. Many thanks to Art Welks who just seem seems to take the bull by the horns and got the ice on the skating rink started. Hope others will give helping hands as this takes a lot of time.

Eric Myck has just been admitted to an Edmonton Hospital - hope your stay won't be too long, Eric.

Convention Report Heard by Oil Wives

The regular meeting of the Drayton Valley Oil Wives was held in the Cardium Room on November 8th with seventy-five members and two guests present.

A report on the Convention was given by President Carole Lawrence and members were happy to hear that Kay Meraw is back on the Board, this time as Nominations Chairman.

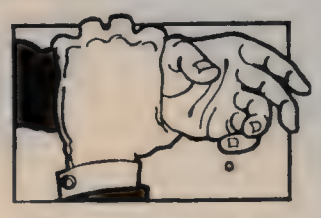
Eunice Lyle presnted Judy Strickland with a spoon as Judy's husband has been transferred to Calgary.

This month brought an election for a new Constitution Chairman as Carol Kokas has had to resign. New Constitution Chairman is Iris Diachuk.

It was decided to instigate the perfect attendance pin in the club. The rings that the club took to the Convention as favours were made available to club members at $1.00 each. This money went into the "perfect attendance pin" fund.

Members heard a most interesting talk on toy safety by Mrs. Sally Merchant, who is Consumer Consultant for the Department of Consumer and Corporate Affairs.

Next month being Christmas, formal wear may be worn if so desired and members will have a gift exchange. The next executive meeting will be held on November 29th at the home of Myrna Townsend at 8:00 p.m.



Give some people a hand and they'll use it to get a judo hold on you.

BULL AND STEER MEAT

A farmer who manages and feeds his bulls properly can market them at 12 to 14 months of age and produce beef of highly acceptable quality, according to studies at the Canada Agriculture Brandon Manitoba, Research Station. However, experiments and taste panel judges indicate that, while bulls of 12 to 14 months on full feed from weaning to market produced meat of acceptable quality meat from steers of similar age, breeding and feeding practice was still preferred.

WORMS IN CATTLE

Worms in the digestive tracts of beef cattle may cause a low rate of gain and unthrifty appearance, according to Dr. J.W.G. Nicholson of the Canada Agriculture, Fredericton, N. B., Research Station. Other trouble symptoms include a rough hair coat, weakness, and enlarged abdomen which gives a pot-bellied appearance. Cattle showing symptoms of worms should be treated quickly and all cattle should be treated before moving from infested pasture to a clean one.

You can obtain a more detailed article from our office on the effect of cattle worms on profits. Other new publications, some of which are available now and others which we will take orders for more are:

Mr. Al Smith, on behalf of the Parent Teacher Association bid everyone welcome and was pleased to see so many out. He thanked the teachers who selected the award winners.

Mr. Hewins, the school principal spoke on the scholarship program, which will be discontinued as parents and teachers feel there is an injustice and difficulty in choosing winners and runners-up. Mr. Hewins would like to see some kind of a scholarship program continued, but that would depend on the interest of parents.

Presentations to winners: Grade 1, Nicki Patrick presented by Hon. Royal Lady Violet Lemishka, O.O.R.Purple; Grade 2, Grace Krowzik, presented by Mrs. S. Michalchuk, Red and White Store; Grade 3, Ronda Patrick from Stans Grocery Store; Grade 4, Donna Szutik from Gerald's Texaco, also Grade 4, Colin Moore presented by Mrs. McNally on behalf of Komer Klothing; Grade 5, Maurice Pejs presented by Mrs. Sesniuk, Farmers Trading Store; Grade 6, Valarie Jorgenson, presented by Miss Chernicki, Wildwood Hardware; Valarie Jorgenson and Maurice Pejs were presented with a $10.00 cheque each from the Ladies Auxiliary of the Legion for top students in Grade 6 and 5.

Next of the program were musical selections by Grade 3 and 4, which received loud applause. The mayor of Wildwood, Mr. Don Moore welcomed all on behalf of the village, then presented Mr. Albert Cooley with a Certificate of Merit for his untiring volunteer service in the Emergency Measures Organization in Alberta.

Mr. Wescott, Assistant Superintendent of Schools for the Yellowhead School Division, commended the school on the School Year Book, Wildwood Reflections and that it was an honor to the school and district. He also stated that education is a community affair. Mr. Wescott explained the new elementary report card which is the 2nd most important thing in the school division, the first being parent and teacher relationship. Mr. Hewins thanked Mr. Wescott for his well chosen words. Mr. Bill Lemishka school trustee, said it was a pleasure to see so many out, and thanked the teachers for work well done. Mr. Lemishka congratulated all students that won awards in the past year and that all students would get a reward - by finishing their education.

Grades 5 and 6 entertained with a five-part song, very well done girls and boys.

Awards to Grade 7, Mary Gerrard from Jim's TV; Grade 7 Best Progress award to Christine Geison from Nick's ESSO; Grade 8, Edith Olesiuk from Jasper Hiway Hotel; Grade 8, Best Progress to Linda Stone from Hutchinson Motors; Grade 9, Top Student, Bruce Benesch, from Elks plus a $45.00 cheque; 2nd to Marie Sosniuk from Westland Propane plus $25.00; 3rd David Harty from Parent-Teachers Association plus $15.00; Grade 9 Best Progress, Michael Lemishka from Williamson's Hardware.

F.M.H.S. NEWS FLASHES

The F.M.H.S. Blitz Night was another success. We had good participation from all the Intermural Houses but House II proved superior as they sold the most candy. However, the school would like to apologize for the poor choice of candy. We received the wrong type of candy due to a mix-up in shipping. Next year we hope to have a better selection. We would like to thank all the people who supported us.

Both Senior and Junior Volleyball teams have been chosen, and they are as follows:

This weekend the teams were very busy. Friday night was the F.M.H.S. Volleyball Tourney. Participating teams were: F.M.H.S. Senior and Junior teams; Rimbey ; and Edson boys. It was a very exciting tournament.

Rec. Board Needs Members

The Drayton Valley Recreation Board will require two new members prior to January 1, 1972. The vacancies on the seven member Board came about through the resignations of Board Chairman, Nick Urchyshyn and Mrs. Carol Hoyland. Mr. Urchyshyn and Mrs. Hoyland have both served faithfully on the Recreation Board for a period of over three years and the Board accepted with regret the resignation of both persons. As a Board also we wish to express our sincere appreciation to both those people for the time and effort they spent in the betterment of our Recreation program.

Now we have two openings on the Recreation Board and we invite any and all interested persons to apply to fill those two vacant positions. Applications may be made up to and including Friday, December 3, 1971 at the Recreation Office in the Town Hall. Nominations will be reviewed by the Recreation Board at the regular meeting of December 6, and recommendations will be made to Town Council as to their choice of candidates to fill the vacant positions. The Town Council will then, if they are satisfied with the recommendation of the Board, officially appoint the candidates to the Recreation Board.

Candiates may be male or female, they must be at least 18 years of age and have a sincere interest in the development and direction of Recreation in this community. They must be prepared to attend all Board meetings and take part in reaching the right decisions in all matters that come before the Board. The effectiveness of a Recreation Board is dependent on the interest and quality of its members and not upon the advisory device itself.

Being a member of a Recreation Board is not an easy job. It can be demanding and time consuming at times and generally it is a difficult situation to be in because of the complex nature of Recreation itself.

Briefly the responsibilities of a Recreation Board are as follows:

1. The Board Acts in an advisory capacity to the Municipal Council on the development and formation of Recreational policies and operations.
2. The Board advises on the Recreation Budget and other financial requirements.
3. The Board advises on the employment of a Recreation Director and other Recreation staff and on the activities of such a staff.
4. The Board advises on program offerings.
5. The Board gives status and prestige to the Recreation service.
6. The Board intreprets the Recreation services to the community.
7. The Board is a visible sign of the community, endorsement of Recreation.
8. Attendance at all regular and special meetings is a prime requirement of all Board members.
9. Board members have a responsibility to help with the recruitment of leaders in Recreation and advise on their training and their avenues of service.
10. Finally a Recreation Board is continually making dicisions and setting priorities that can have lasting effect on community life. To do this work a Board must develop a strong, fair and practical policy and work within its guidelines.

Albert Cooley (R) is shown here receiving a Certificate of Merit from Alberta Emergency Measures Organization in recognition of outstanding and devoted service for the past 11 years. Wildwood Mayor Don Moore (L) presented the award on behalf of E.M.O. at the school awards night last week.

The Fire Department had its monthly meeting on Wednesday, November 10th. There were about 30 members present. Further plans for the Christmas Party on December 4th were made.

The South End Unifarm Local had its meeting on Friday, November 5th with about fourteen members present. Members chose Albert Martin to be present at the Tomahawk and District Club meeting and ask for suggestions for family entertainment. If you have any suggestion, phone them. Mr. Millenbacker and Marion Jouan showed colored slides of previous 4-H Achievement Days, and July 1st Parades.

Irene and Shortie Case have retired from the Cafe Business recently. Alice Mazurenko from Wainwright has taken their place at the Tomahawk cafe. Alice has many relatives in the district as her maiden name was Norton. After she was married, they lived in the Tomahawk area for seventeen years before they moved away She was widowed in 1956 and her family is all grown up. We welcome her back to "Good Old Tomahawk".

Tomahawk 4-H Beef Club held its annual banquet, October 29th with a good attendance. As usual the beef supper was delicious - a big hand for the 4-H mothers who planned and cooked it, and the Unifarm ladies who did a fine job of serving it.

Karen Hauser will be home today. We hope she is well enough to stay home this time. She was in the hospital three weeks, a long time for a two year old to be away from Mom and Dad.

Mr. and Mrs. Emil Millar are home this week. Mrs. Millar plans on staying home in Gainford now.

Everyone is happy to hear that Mrs. Agnes Millar is home; even though she won't be very active for a few weeks.

Mrs. Laura Butts from Innisfail has moved into the trailer in her sons yard in Gainford. It will be nice for the boys to have grandmother so near to visit.

Miss McNamee has resumed her nursing career at Wetaskiwin.

I had a nice surprise when Mrs. Ida Clarke stopped and took me along to visit Mrs. McNamee one day last week. Our near neighbors are sometimes those we visit the least.

Miss Annie Lawley was out for the weekend with Miss Iris Kereliuk. Mother and Father Lawley were away so she stayed put at Kereliuks Gainford Hotel.

MAGNOLIA NEWS

John and Ruby Brown are this communities latest brand new grandparents. They welcomed their first grandchild, Bonnie Lynne, on November 2nd. Bonnie arrived at the University Hospital weighed six pounds thirteen ounces and her very proud parents are Beth and Allen Brown.

A crowd of friends gathered at the hall during the evening of November 6th for Pete and Irene McDougall's wedding dance. Irene looked lovely in her long white wedding gown which she later changed for a blue dress with a red rose corsage. The bridesmaids and flower girl wore long blue gowns featuring lace over bodices.

The community presented Pete and Irene with stacking stools, an electric bar clock which runs backwards, a case for tapes, an electric waffle iron, coffee pot and bun warmer.

Mr. and Mrs. Ray Storms were recent visitors with Mr. and Mrs. Orrin Day at Winfield. Mrs. Storms and Mrs. Day are sisters.

Alex and Joan Negraiff are receiving congratulations on the safe arrival of their baby daughter during the evening of November 8th. She is a sister for Laurie, Blaine, Linda and David.
